

## COX CONCLUDES CALIFORNIA WORK

Governor On His Way to Arizona After Campaign On the Coast

## HE POSES FOR MOVIES

Appears On "Ship of State" With Many Pretty Bathing Girls In Background

LOS ANGELES, Sept. 21.—Governor Cox of Ohio, democratic presidential candidate, was on the way to Arizona tonight, after completing his southern California campaign, which included one notable event—the brief appearance of the governor as an "actor" before a motion picture camera.

His program was so crowded that he was unable to keep some of the engagements made for him by the Los Angeles committee, but managed to address two audiences at Long Beach, two at Los Angeles, one at Hollywood and one at San Bernardino before his departure.

His second speech in Long Beach was to a group of club women of the auditorium. He made reference to the Japanese question in California and promised that if he were elected president he "would be bound by the constitution to respect the rights of states to settle their own internal problems."

Back to Los Angeles, he spoke to a gathering of club women of southern California.

The governor was able to keep the engagement at a motion picture studio in Hollywood where he "acted" on a "set" prepared especially for his visit.

The "set" represented the ship of state and he took up a position on the bridge while about the craft, in water which reached their ankles, depicted a number of girls in bathing suits.

## DISBAR GRADY PROSECUTOR

Oscar Simpson Ruled Out by Supreme Court for Taking Bribes.

OKLAHOMA CITY, Sept. 21.—Oscar Simpson of Chickasha, formerly county attorney of Grady county, was ordered disbarred from the practice of law in Oklahoma by the state supreme court this afternoon upon motion by a committee of Grady county attorneys. Charges of having accepted bribes were presented against Simpson. The case was heard by Paul A. Walker, supreme court referee, and the court decision was based upon his report.

## HOG PRICE BOOM BREAKS

Sharp Drop of 75 Cents a Hundred at Chicago; to Fall Lower.

CHICAGO, Sept. 21.—The boom in hog prices at the stock yards collapsed today with a sharp drop of 75 cents on the hundred, following a break in the price of corn on the board of trade. Traders predicted a second break of \$1 per hundred tomorrow.

Top hogs sold early today at \$18 but dropped to \$17.55. Heavy and mixed hogs experienced a similar drop.

PONCA CITY, Sept. 21.—Ray county has 250 farm tractors and 500 auto trucks, according to information furnished by the chamber of commerce to the Southern Ruralist of Atlanta, Ga., a farm publication that is assembling rural district data from all portions of the south and southwest. This data shows also that Ray county has 50 farms with individual lighting plants of some kind and 50 are equipped with a water system of some description, also 150 miles.

## World's Mortuary of Oklahomans

Miss Mary Jane Bennett, resident of Tulsa for the past 15 years and for five years head of the language department and instructor in Latin at the Tulsa high school, died Tuesday, Sept. 21, at her residence, 616 West seventh. Burial services were held Thursday, September 23, from the Holy Family Catholic church and interment was in the Holy Family Catholic cemetery.

Miss Bennett's death was the third in her immediate family circle in two years, one brother, Charles, dying from wounds received in service on August 16, 1918, and another, Robert, died August 25, in this city.

Miss Bennett was 34 years of age. She was an active member and at one time an official of the Tulsa Town club. Her devotion to her family, high school students, and church was marked.

Because of a wish once expressed that no flowers be sent to her funeral and because of her activity in the cause of Belgian relief, a memorial fund to be devoted to worthy work has been established by members of the faculty and student body of the Tulsa high school.

## PLAN TO RECEIVE COX

M. L. Breckenridge Calls Non-Partisan Meeting to Arrange Reception for Nominee.

A meeting of all citizens interested in the reception of Governor Cox, who is to be the guest of Tulsa on October 1 has been called for 8 o'clock Wednesday night in the district court room by M. L. Breckenridge, chairman of the democratic county central committee.

Chairman Breckenridge states that he is especially desirous that the visit of the democratic presidential candidate here be treated as a municipal affair and that partisan politics be for the time being forgotten in an earnest effort to extend to the distinguished visitor Tulsa's most hospitable greeting.

A special invitation to attend the meeting is extended by the chairman to members of the Chamber of Commerce, Cox and Roosevelt club and the various civic bodies. The affair will therefore be strictly non-partisan in so far as it is possible to make it.

HOLDENVILLE, Sept. 21.—Republicans of Hughes county have thoroughly organized for an active campaign and are making a strong fight to carry the county for the national, state and county tickets.

## ADVISORY BOARD NAMED BY HAYS

Every Faction In Party Included; Proves Union Says Chairman

NEW YORK, Sept. 21.—Will H. Hays, chairman of the republican national committee, tonight announced the appointment of an advisory campaign committee of 40 members, which he said, is recruited from every faction within the party, and proves that the great party of the union is indeed a unit.

Twenty-four men and 16 women comprise the committee. Chairman Hays declared the personnel of the committee indicates that "absolute harmony" exists within the republican ranks and he calls attention to the fact that former candidates for the republican presidential nomination and their managers, as well as former progressives, have consented to serve.

The personnel of the committee is:

William H. Taft, Charles E. Hughes, Herbert Hoover, Senator Miles Polinder, former Senator Joseph A. Dixon of Montana, Governor Frank O. Lowden of Illinois, Governor William C. Spruell of Pennsylvania, Governor Peter Norbeck of South Dakota, Governor Thomas W. Campbell of Arizona, Governor Robert D. Cary of Wyoming, Colonel William Cooper, President of Cincinnati, one of the campaign managers for Major General Wood Oscar S. Straus of New York, Walter E. Brown, Toledo, Ohio, Senator Harding's floor manager at the Chicago convention, Judge William D. Byrum, Greensborough, N. C., former president of the American Bar Association, Major Frank H. Knox, Greenville, N. C., for Major General Wood at the Chicago convention, William Hutchinson, Indianapolis, president of the Carpenters and Joiners union of North America, Harold Village, Chicago, chairman of the women's division in the Wood campaign, Mrs. George T. Guernsey, Independence, Kansas, president of the D. A. R., Mrs. Lillian Russell Moore, Pittsburgh, Congresswoman John I. Nolan, San Francisco, former manager for Senator Johnson, William H. Lewis, Boston, assistant attorney general during the Taft administration, Mrs. Albert Druggman, St. Louis.

## GIRLS' COLLEGE IN OZARKS ATTRACTS ATTENTION

Beautiful Eureka Springs College Increases Enrollment.

Crescent College, a standardized Junior College for Girls, Eureka Springs, Arkansas, in the heart of the Ozark playground region, is fast becoming the widest known girls school in the United States, although enrollment is persistently limited to 50 girls. These 50 girls come from at least 20 different states each year.

Various reasons are being advanced for this, among them being the following:

It is accredited among the universities and colleges. Maintains real conservatory advantages. Does not attempt to retain cheap instructors. Insists that girls should have individual attention, unobtainable in large schools. Is democratic or otherwise twofifths of the enrollment would not come from Texas. It long ago abolished silly boarding school rules and adopted student government. It emphasizes recreation as an essential part of a girl's education. Offers a beautiful lake and club house for exclusive use of students and teachers. Selects carefully its students from applicants only upon investigation among satisfactory references.

Crescent girls like it. So do their parents. These and numerous other reasons will make any school popular. A few spaces still unpromised. Write or wire for catalogue, view book and other particulars. Address Crescent College, Box W., Eureka Springs, Ark.—Adv.

Chairman Hays, speaking of his recent trip through the west, said: "There are lots of Castle Hills in the west. Castle Hill is a town in Maine which the other day cast 101 votes—100 republican and one democratic. The postmaster seems to have stood firm."

MUSKOGEE, Sept. 21.—Despite the 3-cent fare put in effect here ten days ago, the revenues of the local traction company have failed to show a material increase. Revenues have been increased only \$37 a day and the number of passengers has been cut from 1,250 to 1,000 daily. Company officials are counting on winning back some of the missing 250 passengers.

Both branches of Connecticut Legislature Ratify Amendment.

HARTFORD, Conn., Sept. 21.—Both senate and house of the Connecticut legislature this afternoon again ratified the nineteenth federal constitutional amendment at the behest of Governor Holcomb, who sent to both bodies today, at a special session, which he had called for the specific purpose, a certified copy of the amendment as received from the secretary of state in Washington.

In a message addressed to a joint gathering of the senate and assembly he stated he called another session because he was not sure of the legality of his action in submitting the amendment to the session which was called last week to enact legislation enabling women to vote.

## KNOX HATS

IN these days when men have more than one hat at a time just as they have more than one suit or one pair of shoes, a light weight soft felt, like the one pictured, finds a favored place in the wardrobe of the man who knows hats. Comfortable on the days when a heavy hat is too warm, just after the straw has been retired. A bit negligee but stamped with that indisputable voucher for good style, the Knox Trademark.

## Fall Suits—Good Value

### There Are Two Ways to Save Money

One is to put it away—the other is not to let it get away.

In this advertisement we are telling you our way and if you listen and reason it out you'll find that we are not very much out of the way.

Hirsh-Wickwire fall suits sell for \$47.50, \$57.50 and better.

They are all wool—hand tailored—one suit will last at least two years during which time you can be stacking up gold in the First National and at the same time looking as tho' you were a director instead of a depositor.

What do you think of this logic?
